HOMETOWN HELPS

LOOK TO THE VACANT LOT

A Little Cleaning Up of the Space Now Will Result in Profits in the Future.

Owners of unimproved property in this city who wish to sell it should first clean up the vacant lot.

The cumulative effect of well-tended vacant properties reaching to a standard of orderliness throughout the city is immeasurable.

The cost of keeping a vacant lot in order is slight and it should be reckoned by the owner as part of the overhead charges.

This is the season to consider this question. Already the preparations for park work are under way.

Have a Garden.

Begin now to think of that little garden in the back yard, everybody who has a back yard.

Glass of Hot Water Before Breakfast a Splendid Habit

Open stomachs of the system each morning and ward away the pernicious, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise should try this simple habit.

The stomach, before breakfast, is a glass of hot water with a teaspoonful of limestone phosphate.

The action of limestone phosphate and hot water on an empty stomach is wonderfully purgative.

PUBLIC HIGHWAYS

GOOD CULVERTS ARE NEEDED

Crossroads and Byroads Are Put Off With Old Wooden Culverts.

There is a good deal being said and written about good roads.

A wooden culvert soon runs out and becomes dangerous inside of a few years. This is caused by floods and different kinds of weather.

Substantial Stone Culvert. find it entirely gone or with two or three planks gone.

A good road between every farm and market is a reasonable and worthwhile proposition.

Muddy Roads Cut Profits.

Muddy roads always add to the distance to market and cut the profits on produce.
